Message from the Mayor

Do you know Jack? Probably not -- but that is about to change. Jack is Sharonville's newest K-9 patrolling the streets with his partner, Officer Danny Lee. Early in May, Officer Lee and Jack completed their training and are actively on duty. Only days on the job, Jack was instrumental in detecting a transporter of nearly a kilo of heroin and drug manufacturing equipment through the streets of Sharonville.

The City owes a great deal of thanks to the Matt Haverkamp Foundation who, through a generous grant, made the acquisition of Jack a reality. In 2005, Matt's family formed the foundation in memory of Matt, who founded Golf Manor Police Department's bike patrol and K-9 unit. Jack joins a legacy of over 60 K-9s deployed into service throughout the Greater Cincinnati area in memory of Matt's service. To learn more about the Foundation and how you can help be a part of its mission, I invite you to visit its website at matthaverkamp.com.

Of course, Jack has to eat. So, the Festivals of Sharonville stepped up and made a donation to provide for some of the ongoing expenses of running a K-9 unit. That donation is made possible through your support of the Party with a Purpose - SharonFest. This two-day festival kicks off at Gower Park on Friday, July 26, with headlining entertainment from the Naked Karate Girls and Devonshires. While listening to the bands, drinking a cool beverage and eating from the food trucks, you and your family can support the approximately 30 booths and rides operated by local non-profit organizations from throughout our community. Visit sharonfest.com for more about what is in store for 2019.

When you see Officer Lee and Jack out on the streets, I hope you will take a moment to thank them for their service and welcome Jack to our community. Jack has traveled a long way (he was born in the Czech Republic) to become a part of our Sharonville family. We are blessed by great partners like the Matt Haverkamp Foundation and Festivals of Sharonville who have helped to bring this crime fighter to us.

WHY CAN'T THE CITY DO SOMETHING ABOUT THE STOPPED TRAINS?

Please understand that these blockages are frustrating to us as well, especially from a first responder perspective. This issue is not unique to Sharonville. We have been involved in several regional discussions about this matter.

When blockages occur, a representative from the Police Department will attempt to contact the railroad to get an update. In the past, patrol officers would also issue citations if the train was blocking the road for longer than a certain number of minutes. Based on some recent legal changes, we are no longer able to issue these citations.

Even though City and State of Ohio laws prohibit blockages over a certain amount of time, courts have held that these regulations are pre-empted by federal laws under the US Constitution's Commerce Clause and federal laws do not set any limit on how long trains can block roads. The 6th Circuit Court of Appeals, here in Cincinnati, has held that restrictions like the above would require railroads to shorten the number of cars, in turn requiring it to run more trains, and that exceeds a city's local regulatory authority.

With that said, we have discussed this issue with federal officials with the hope that the federal law may change. In addition, we will continue to have conversations with the railroads to, hopefully, reduce the number of times the inconvenience of blocked roadways exists. Last, with the assistance of the Ohio Rail Development Commission, we have been reviewing how others throughout the state have dealt with the above issue.

Hopefully, this information provides a better understanding on why the City cannot be more aggressive regarding blocked roadways. We will continue to have discussions with the railroad companies and state and federal officials in the hopes to improve outcomes.

To report blocked crossings, use the following website:
www.puco.ohio.gov/puco-forms/report-blocked-crossings-to-federal-railroad-administration/

POLICE DEPARTMENT

INTRODUCING OUR NEW K-9 TEAM

We are thrilled and excited to introduce you to our newest officer, JACK! Through the generosity of the Matt Haverkamp Foundation, Jack was purchased from Shallow Creek Kennels in Sharpsville, Pennsylvania. Jack is a one year-old Belgian Malonois born in the Czech Republic and is happy to call Sharonville home. Jack and his handler, Officer Danny Lee, completed a 300-hour training course at Shallow Creek Kennels in April and are now out and about in our community. Please join us in welcoming Jack, and wishing him and Officer Lee a safe and successful partnership!

2018 OFFICER & CIVILIAN OF THE YEAR

Each year, employees within the police department are encouraged to submit nominations for an officer and civilian to be recognized as going above and beyond in their duties. It takes a special person to do the work they do to begin with, but to be recognized by their peers as doing their jobs speaks volumes.

KEITH ISAACS is approaching his 10 year anniversary with our department but served 4 years in the United States Marine Corps assigned to Presidential Service prior to pursuing his law enforcement career. Keith is a Field Training Officer for our new recruits while keeping our veteran officers up to date on their training as well. He holds numerous Instructor certifications in Defensive Tactics, Taser, and Simunitions to name a few. From his peer nomination: "He is an all-around strong employee with knowledge in all aspects of the job. Keith puts a great amount of time and effort into all of his cases, and does all he can to solve them on his own before enlisting the help of the detectives... he goes above and beyond on everything he is tasked with. He is a great role model for new officers and therefore is very successful as an FTO... Keith is an extremely valuable resource to our department."

JANICE CARUSONE has been with our department with 29 years. She began as a Clerk/Dispatcher in 1990 and became the Secretary to the Chief of Police in 1993. In 1995 she served a dual role as the Chief's Administrative Assistance and Supervisor of the Clerical Division. When the position changed in 1997, a separate position was created for a Communications Supervisor and Janice has been the Assistant to the Chief of Police ever since. Words from her peer nomination say it all: "Janice is a part of the operation on almost every level and is crucial in keeping the department running. Janice has continued with her normal excellent work managing the budget and payroll while taking on additional responsibilities... [she] played a key role in switching our [entire department's scheduling program]. Janice is a go to person when employees have questions about almost any aspect of the functioning of the department. Janice takes care of public records requests, maintains all of our files, and coordinates our hiring process."

FIRE DEPARTMENT

2018 Firefighters of the Year

Please join us in congratulating Lead Inspector Kevin Willman and Part-Time Inspectors Steve Kathmann and Dave Messerschmitt on receiving this year's award. They work every day to make not only the citizens and workers within the city safer, but their fellow fire department employees. Many times the Inspector will be on scene of a fire alarm and working with the business to remedy the issue before the call is over. They review calls over the weekend and respond to email questions about issues found after hours. Congratulations to these three highly deserving individuals on a job well done!

STORM WATER DRAINAGE

If you live in a platted residential subdivision there are probably permanent improvements such as storm water detention basins, channels, and drainage swales that must be maintained, in order to effectively transmit storm water away from home foundations toward approved drainage facilities.

Property owners may not be aware that the installation of detached garages, sheds, walkways, driveways, swimming pools and even landscaping can change the approved drainage system on a property and create a headache for neighbors. These approved drainage systems are PRIVATE and must be maintained by the property owner(s) or Homeowners Associations, not the CITY.

Property owners need to be cognizant of these approved drainage systems - if you modify or block a drainage channel or change the direction of natural flow, you may be responsible and liable for damage caused on another's property.

Example of Open Drainage Swale

Basic Rules to Remember:

- No mechanical (sump) pumps are to be tied to the downspout lines that discharge through an underground pipe to the public street, curb, or within 10 feet of a property line. Sump pumps can only discharge into approved drainage easements or facilities.
- Do not enclose existing drainage swales into a pipe – drainage swales are designed to be open and by concentrating the storm water flow in a pipe, you could damage neighboring property. It is better to work with your neighbors, and not push your water problem onto them. Open swales are the best environmental solution to storm water when the storm water infiltrates or drains away within 24 hours.
- Downspouts that lead to an underground pipe cannot be “day lighted” or come to the surface above the ground closer than 10’ from the property line.
- Keep the swale clear of brush and logs. Never put leaves, mulch or grass clippings in or near a stream or swale.
- Never plant trees or landscaping in an approved storm water drainage swale.

Example of Blocked Drainage Swale

MOTOR VEHICLES

Inoperable and unlicensed motor vehicles on private properties can negatively impact the quality of life in local neighborhoods.

Section 302.8 of the City of Sharonville Property Maintenance Code states that “no inoperative or unlicensed motor vehicle shall be parked, kept or stored on any premises, and no vehicle shall at any time be in a state of major disassembly, disrepair, or in the process of being stripped or dismantled. Painting of vehicles is prohibited unless conducted inside an approved spray booth.”

An inoperable motor vehicle is defined as a vehicle which cannot be driven upon the public streets for reasons including, but not limited to, being unlicensed, wrecked, abandoned, in a state of disrepair, or incapable of being moved under its own power.

Inoperable and unlicensed motor vehicles in the side or back yard are NOT exempt. Please be considerate of neighbors and the impact such vehicles can have.

Contact the Sharonville Community Development Office to report an inoperable or unlicensed motor vehicle on private property. Use <https://oh-sharonville.civicplus.com/requesttracker.aspx> to report a complaint online.

SHARONVILLE RESIDENTS RECYCLED 637 TONS IN 2018

Congratulations to all the residents who recycled in 2018. On average, each household in Sharonville recycled 316 pounds – that's 15.86% of all waste collected in Sharonville in 2018.

Sharonville's Recycling Efforts:

- Conserved enough energy to power every home in Sharonville for 10 days
- Reduced more air pollution than if every household in Sharonville rode their bicycles to work for 6 weeks
- Saved 5,519 trees from being harvested

Waste Diverted:

- 39,777 tons of materials were recycled by Hamilton County residents
- 8,818 scrap tires were collected
- 2,819 tons of yard trimmings composted through residential drop-offs
- 329,564 trees were saved through recycling efforts by Hamilton County residents

Natural Resources:

- Every ton of newspaper or mixed paper recycled saves the equivalent of 12 trees.
- Every ton of office paper recycled saves the equivalent of 24 trees.
- Every ton of steel recycled conserves 2,500 pounds of iron ore, 1,400 pounds of coal, and 120 pounds of limestone.

The City of Sharonville understands and believes in the importance of recycling. For that reason, the City offers curb side collection of recyclables as a FREE SERVICE to its residents.

If you want a larger recycling container (95 gal), call Rumpke Recycling at 800-582-3107. If you are not currently recycling, please reconsider and call Rumpke to get your free recycling container.

RUMPKE SUMMER REMINDERS

Annually, Rumpke sees an increase in truck fires during summer months because of common summer items like pool chemicals, charcoal embers, propane tanks and other flammable materials incorrectly placed in the trash. As a reminder:

- Pool chemicals can be highly reactive and capable of generating extreme temperatures, as well as releasing toxic vapors, if improperly handled or stored.
- Charcoal embers and fireworks that aren't properly extinguished can reignite. Please soak these items in water prior to disposal.
- Lithium ion batteries – like the batteries in yard equipment, cell phones or laptops, can ignite when compacted in garbage trucks.

Rumpke offers the following tips for disposing of these types of materials:

- Check the label: A lot of household cleaning supplies contain dangerous chemicals. If the container is labeled "Danger" or "Poison", this is an indication of hazardous waste, do not place the item in your trash or recycling container.
- Review service guidelines: Find them on the back of your Rumpke invoice or at www.rumpke.com.
- Research local options: Most local solid waste districts offer residents disposal options for household hazardous wastes, such as: paint thinner, lawn and pool chemicals, batteries, florescent light bulbs, gasoline and oil, insecticides, and charcoal

As a reminder, federal law prohibits Rumpke from collecting batteries, tires, liquids, combustible materials or any items identified as hazardous. For more information about what should and shouldn't be placed in trash or recycling containers, please visit www.rumpke.com

PLEASE RECYCLE THESE ITEMS

SHARONVILLE GIVES

City of Sharonville employees are encouraged to volunteer with organizations within our community to give back and strengthen relationships through an initiative by Mayor Kevin Hardman. These activities have made a tremendous difference in supporting our community and further developing relationships. Pictured are employees volunteering with the mobile food pantry, Cottingham Retirement Home, Sharonville Elementary, St. Michael's School and trash clean-up.

ADMINISTRATOR OF THE YEAR

The Greater Cincinnati Chapter of the American Society for Public Administration (ASPA) recently recognized Mayor Kevin Hardman as their "Individual Contributor of the Year." During the award ceremony, ASPA mentioned Kevin's steadfast leadership, his dedication and enthusiasm to energize City employees, the commitment to community service, and the Mayor's fiscally responsible nature. In Kevin's comments at the event, he acknowledged his fellow elected officials and the dedicated City staff who all work hard to make Sharonville a wonderful community.

The ASPA award follows other recent regional and national awards for Mayor Hardman, including the Cincinnati Business Courier's Public Sector CEO of the Year Award in 2017 and American City & County's National Municipal Leader of the Year in 2017. The City has received some wonderful publicity due to these recognitions.
